

JOB VANCANCY ADVERTISEMENT

Background

Enhancing clinical trials capacity is a priority for the Government of Rwanda, the Ministry of Health, and the Rwanda Biomedical Center (RBC), as part of the ACTIVATE project aimed at advancing clinical research and data science in Sub-Saharan Africa. We seek a Clinical Trial Development Consultant to contribute to the production of a comprehensive report, encompassing baseline data analysis, needs assessment, recommendations, and strategies for strengthening clinical trials capacity in Rwanda.

Position: Clinical Trial Development Consultant

Job description

The consultant will support the development of an investment case report focusing on baseline data analysis, needs assessment, and strategic recommendations for enhancing clinical trials capacity in Rwanda. This short-term assignment (30 days) entails collaborating with stakeholders to assess capacity building needs, providing expertise on lab/technical requirements, and contributing to the production of a costed investment plan.

Duties / Responsibilities/ Scope

- Assess and propose a capacity building and workforce development plan for clinical trial development in Rwanda.
- Offer expertise in lab/technical requirements necessary for conducting clinical trials effectively.
- Collaborate with the lead consultant to gather insights from key stakeholders, identify gaps, and formulate recommendations for the investment case.

Requirements – Abilities, Skills, and Knowledge

- MSc in health Sciences of related field
- Knowledge of Rwanda's Healthcare system
- Demonstrated experience in clinical trial development.
- Expertise in assessing capacity building needs and workforce development planning.
- Experience in dealing with clinical trials courses
- Proficiency in understanding, implementing and monitoring clinical trial related activities
- Strong analytical skills to analyze data and formulate strategic recommendations.
- Ability to collaborate effectively with diverse stakeholders and work within multidisciplinary teams.
- Excellent communication and interpersonal skills.
